Message from the Chief

Chad Butler | Chief of Police
chad.butler@rocklin.ca.us

On behalf of the men and women of the Rocklin Police Department, I am pleased to present to you this 2017 Annual Report. I am honored to lead your Police Department and look forward to the next year of continued successes of the Rocklin Police Department and our community. I am very proud of our department's staff and volunteers who support the Department's Mission; to serve, protect and promote a safe community. Our members continue to provide excellent service with skill, compassion and empathy. Residents and visitors to our city deserve to be very proud of this police department and the staff who continue to work together with our community to maintain Rocklin as a premiere, safe, destination city.

This year's annual report documents an overall decrease in crime compared with the past two years and only a slight increase over 2013 and 2014, adjusted for an increase in population. Although 2017 represents a reduction in overall crime, some areas experienced a slight increase. Robbery saw a 93% increase over 2016, but this only represents an increase of 13 additional robberies from the previous year's 14. Part of this increase can be attributed to a robbery series we experienced where seven (7) locations were robbed by a single individual. Our Investigations Unit worked hard to solve this series and ultimately brought the suspect to justice. There was a slight increase in burglaries, up 10 crimes over the previous year and a 10% drop in larceny crimes. Larceny is defined as the "unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another" to include shoplifting and theft from an unlocked vehicle amongst others. In addition, theft of motor vehicle increased by 17% from 96 to 112. This increase appears to be on par with the rest of the region and state. Despite the slight increases in some categories, the City of Rocklin continues to be one of the safest cities in our region and our state. This distinction is possible because of the hard work of our police personnel, our public safety volunteers, other city departments and the involvement of our residents and business community who collaboratively work with us to keep our community safe.

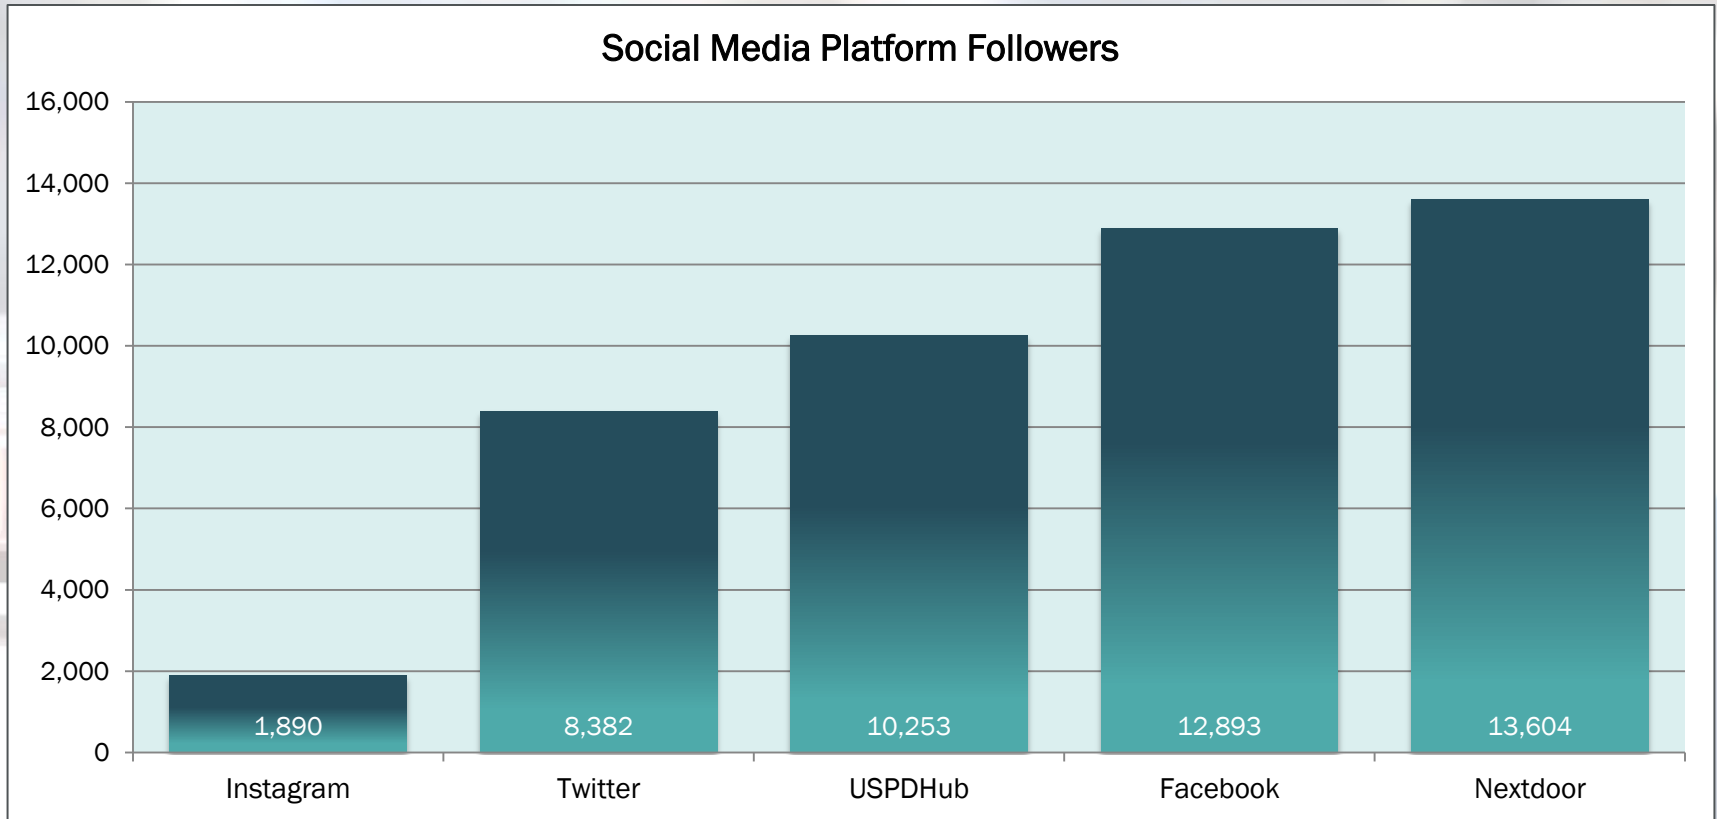

The content of this report is prepared to highlight your police department's statistical data from the previous year. More important than the actual data is recognizing the outstanding relationships we continue to nurture with our community. I want to thank each and every one in our community who assists us in keeping our city safe; we couldn't do it without your support. The support enjoyed by the members of the Rocklin Police Department does not go unnoticed by those who serve.
